Cowes Town Council Grant Application

The Isle of Wight Community Club is charitable family-friendly social and community hub offering some of the best facilities on the Island. The club is sustained by a dedicated team of volunteers who support its operations throughout the year. Our venue includes a well-equipped function room used for community events, celebrations, weddings, and private hire.

We provide a welcoming space for a wide range of weekly social activities and are home to multiple sports clubs, including indoor and outdoor bowls, cricket, football, pétanque, darts, and others. Our high-quality playing fields enable us to host matches for local and visiting teams from both the Island and the mainland.

The club also operates a 5-star food-hygiene-rated catering facility, open to the community on Wednesdays (11:30–14:30), Fridays (18:00–21:00), Saturdays (11:00–19:00), and Sundays (10:00–14:00).

Overall, the Isle of Wight Community Club serves as an accessible, multi-purpose space that brings people together, supports local sports, and provides valuable social, recreational, and community services.

We're fundraising to create something truly special — an Inclusive Community Play Park right here in Cowes.

This will be a welcoming, accessible space where children of all abilities can play, grow, and make memories together.

A fully accessible playpark at the Isle of Wight Community Club, designed to ensure that all children, regardless of ability, have a safe and engaging space to play. The playpark will feature inclusive equipment suitable for children with physical, sensory, and developmental needs, promoting social interaction, physical activity, and imaginative play.

This project will provide a welcoming environment where children from across the community can play together, fostering inclusion, friendship, and confidence. By creating a space that is accessible to everyone, we aim to remove barriers to play, support the development of all children, and enhance the wellbeing of families in our local community.

The playpark will complement our existing facilities and community programs, further establishing the club as a hub for social engagement, health, and inclusion for people of all ages.

- Create an inclusive play space: Develop a fully accessible playpark where children of all abilities can play safely and enjoyably.
- Promote social inclusion: Encourage interaction and friendships among children of different ages and abilities, reducing barriers to social participation.
- Support physical and mental wellbeing: Provide opportunities for active play that enhance physical health, coordination, confidence, and emotional wellbeing.
- Engage the wider community: Offer a welcoming space for families and carers, fostering a sense of community and strengthening local connections.
- Enhance accessibility and equality: Ensure all equipment, pathways, and facilities are designed to meet the needs of children with physical, sensory, or developmental challenges.
- Complement existing programs: Integrate the playpark with the club's current activities and facilities, reinforcing the club's role as a community hub.

The organisation was set up Set up 12th February 1985. CASC 04262

This grant will support the development of a new community playpark, as illustrated in the accompanying 3D design image. All monies raised or donated will be used directly for the groundworks, installation, and labour required to deliver the project. The playpark is intended to provide a safe, inclusive, and engaging outdoor space for local children and families. In recognition of community support, all local businesses, councils, and organisations that contribute will be acknowledged on a dedicated donation board located near the playpark.
